LASERPECKER HANDHELD AND PORTABLE LASER ENGRAVING SYSTEMS

"Let Your Creativity Fly" with LaserPecker!

Perfect for rental stores to professionally identify everything from chafer pans to backhoes. Look for the LaserPecker woodpecker throughout this catalog for more engraving ideas.

LaserPecker

LASERPECKER LP5 DUAL LASER PORTABLE ENGRAVER

- LP5 is the most capable, lightest, and most compact engraver in its class
- Engrave at up to 10,000mm/s, with rapid engraving task completion, batch processing with variable text and smart filling
- Includes LaserPecker Design Space software
- Software supports multiple file formats and is cross platform compatible
- Many accessories (listed below) are available to maximize your creativity
- Applicable Materials:
 - 20W 450 nm Blue Diode Laser: Lacquered metal, anodized aluminum, 304 stainless steel, bamboo, wood, leather, food, paper, fabric, photosensitive printing, plastic, acrylic, tinted glass, color glaze ceramics, and much more
 - 20W 1064 nm Fiber Laser: Stainless Steel, Aluminum, Brass, Silver, Plastic, Platinum, Titanium, Gold, and much more

LP5-ULTIMATE with Slide Extension, Rotary Extension, and Air Purifier

LP5-DELUXE - w/Slide and Rotary Extensions **\$3,299.00 Ea**

LP5-ULTIMATE - w/Slide and Rotary Extensions plus Desktop Air Purifier **\$3,499.00 Ea**

LASERPECKER LP4 DUAL LASER PORTABLE ENGRAVER

- LP4 is the world's first portable dual-laser for almost all materials
- Features an easy to use multifunction, smart LED touch screen
- Includes LaserPecker Design Space software
- Software supports multiple file formats and is cross platform compatible
- Many accessories (listed below) are available to maximize your creativity
- Applicable Materials:
 - 10W 450 nm Blue Diode Laser: Lacquered metal, anodized aluminum, 304 stainless steel, bamboo, wood, leather, food, paper, fabric, photosensitive printing, plastic, acrylic, tinted glass, color glaze ceramics, etc.
 - 2W 1064 nm Infrared Laser: Metal, plastic, leather and any material with a paint coating

LP4-DELUXE with Slide Extension and Rotary Extension

LP4-DELUXE - w/Slide Extension and Rotary Extension **\$1,699.00 Ea**

LP4-ULTIMATE - w/Slide & Rotary Extensions, Air Purifier, Cutting Plate, & BT Dongle **\$1,899.00 Ea**

LASERPECKER LP4 & LP5 ACCESSORIES*

- Desktop Air Purifier captures 99.97% of airborne particles, providing superior air quality
- PowerPack Plus supports all LaserPecker main units and accessories
- Bluetooth Dongle connects to the LaserPecker Design Space PC software on Windows or Mac
- Batch Engraving Button simplifies the process on creating multiple identical engravings
- LP5 Safety Enclosure includes Automatic Door Sensor to stop engraving when opened, Dual Exhaust Fans for a clearer workspace, and a Smart Camera that detects material placement for faster, easier setup
- Slide Extension: increases the engraving area, allowing for larger and more complex projects
- Rotary Extension: handles cylindrical and irregularly shaped objects
- LP4 Cutting Plate: prevents the bottom plate of the electric stand from being damaged

PowerPack Plus

Batch Engraving Button

Powerful Software, Create with Ease

APP: PNG, PNG, G-code
PC: G-code, PNG, PNG, BMP, SVG, DXF, etc.

LP-DAP - Desktop Air Purifier for all LaserPeckers **\$349.00 Ea**

LP-PPP - LaserPecker PowerPack Plus battery power supply **\$120.00 Ea**

LP-BTD - Bluetooth Dongle for LP2, LP3, LP4, and LX series engravers **\$42.00 Ea**

LP-BEB - Batch Engraving Button, eliminates repetitive settings for all LaserPeckers **\$35.00 Ea**

LP5-SE - LP5 Safety Enclosure takes your engraving to the next level, ensuring maximum safety, precision, and environmental cleanliness **\$559.00 Ea**

LP45-CP - Cutting plate, LP4/LP5 **\$26.00 Ea**

LP-SGOG - LaserPecker Safety Goggles **\$25.00 Ea**

LP5 Safety Enclosure (w/LP5 in place)

*Additional accessories available - please call for more information

General Information

STANDARD OFFICE HOURS:

8:00 A.M. to 5:30 P.M. (Eastern Time) Monday through Friday.

HOLIDAYS:

New Year's Day - Memorial Day - Independence Day - Labor Day - Thanksgiving Thursday & Friday (Black Friday) - Christmas Day.

ORDERING:

- TELEPHONE: Calls during standard business hours will be answered by our sales staff (Nationwide: 800-233-0175). Calls made outside standard business hours will be taken by an answering machine, with an appropriate response by our sales staff during the next business day.
- FAX ORDERS: Orders may be faxed to the RSS offices 24 hours per day (717-892-5981) and will be processed by our sales staff.
- EMAIL: Orders may be emailed 24 hours per day to orders@rssd.com and will be processed by our sales staff.
- WEBSITE: Orders submitted via a dealer login on www.rssd.com will be processed by our sales staff. To obtain a dealer login, please call our toll free phone number and speak to any sales associate.

ORDERS OUTSIDE CONTINENTAL U.S.A.: All orders to Alaska, Hawaii, Puerto Rico, U.S Virgin Islands, Canada, etc. **MUST** be accompanied by detailed shipping instructions.

SHIPPING: Unless specified otherwise by the customer, RSS will determine the most cost effective shipping method available. Standard shipping options are not guaranteed to be delivered by a specific date; ship times quoted by RSS employees are estimates only. If the order is time critical, it's recommended that a guaranteed service is selected. Shipping guarantees apply to the shipping cost only - RSS will not credit or discount merchandise, or freight charges, due to late delivery.

FREIGHT METHODS: RSS selects freight carriers and methods of shipment to minimize freight charges to customers. All freight is F.O.B. point of origin. Freight charges are prepaid and added to the invoice unless other arrangements are made.

FREIGHT CHARGES: Standard LTL freight rates are quoted business to business, dock to dock for delivery between the hours of 8:00 A.M. and 5:00 P.M. local time. Any other arrangements may incur additional charges, including but not limited to re-delivery, lift-gate delivery, inside delivery, and call before delivery. Churches, military bases, country clubs, prisons, storage units, personal residences, and anywhere receiving personnel are not staffed could be accessed a limited access fee. RSS may invoice the recipient, or the carrier may bill the receiving party directly for these extra charges. Additional charges are applied solely at the discretion of the carrier.

TERMS FOR ESTABLISHED ACCOUNTS:

- 1) Standard: Net 20 days from date of invoice.
- 2) Past Due: 1-1/2% per month finance charge on any balance 21 days or more past due.

Accounts 60 or more days past due may have credit privileges denied.

Accounts with unpaid finance charges may have credit privileges denied.

PAYMENT METHODS:

Standard business check - see above terms and conditions.

- 1) Check by Phone (ACH/EFT) - Immediate shipping release.
- 2) Visa, Mastercard, American Express or Discover card - Immediate shipping release.
- 3) Check with Order:
 - a) Standard Business Check - Shipping release upon check clearance.
 - b) Money Order or Bank Check - Immediate shipping release.

SHORTAGE AND DAMAGE CLAIMS:

- VISIBLE DAMAGE: All physical/noticable damage to the shipment **MUST** be immediately reported to the delivery driver before they leave.
- HIDDEN DAMAGE: In the event of hidden damage (damage discovered to items inside shipping boxes that have no apparent outside damage), a claim must be submitted to RSS within 5 days of delivery.
- MISSING BOXES: All boxes **MUST** be counted at the time of delivery IN FRONT OF THE DELIVERY DRIVER (drivers are obligated to remain on site until the customer confirms proper delivery. Any shortages **MUST** be reported to the driver and noted on the delivery receipt).
- MISSING ITEMS: In the event items are missing within boxes on shipments with full box counts, the shortage **MUST** be reported to RSS within 5 days. RSS may pack multiple items in one box, so always open and inspect all boxes before reporting a shortage.

WARRANTY CLAIMS

DEFECTIVE IN-WARRANTY PRODUCTS MUST BE RETURNED TO THE MANUFACTURER, NOT TO RSS. Make all claims according to instructions provided by the manufacturer.

RETURNED GOODS

- 1) Special order and closeout items **cannot** be returned.
- 2) All returns must have advance RSS Returned Material Goods Authorization (RMA).
- 3) All returns, other than those necessitated by RSS errors, must be return shipped at the customer's expense.
- 4) All returns, other than those necessitated by RSS errors, will be credited in proportion to the condition of the returned merchandise and subject to a 15% restocking charge.
- 5) Shipping charges, other than those necessitated by RSS errors, are non-refundable except at the discretion of RSS.
- 6) All original parts, accessories, literature, packing, etc. must be included with the return shipment.
- 7) RMA's older than 90 days are deleted and cannot be processed.

ALL PRICES SUBJECT TO CHANGE OR CORRECTION WITHOUT NOTIFICATION

Prices are included in this Catalog for the convenience of you, our customers. While these prices are believed to be entirely correct at the time of printing, RSS may need to correct erroneous prices, or respond to price changes announced by our suppliers during the course of the Catalog year. Therefore, whenever pricing is critical, especially late in the Catalog year, please ask for price confirmation when ordering. The most up to date pricing is usually available on our website at www.rssd.com

PEARL Stoneware

Pearl by Costa Nova features round shapes with beads that are inspired by the richness of 18th and 19th century European ceramics. The combination of Pearl items creates a sophisticated buffet staging. It's dinnerware that impacts purely by its appearance. Pearl dinnerware is oven, microwave, freezer, and dishwasher safe, thermal shock, chip, and stain resistant.

Pearl stoneware is made in a single firing system heated up to 2160°F to create a special bond between the clay and glazed surface. This original formula produces stoneware that is so durable and resistant to both thermal and mechanical shocks.

Recommended plate cover for SOP271 dinner plate is #5379S795 (Pg 36)

Inspired by the intricate floral patterns of 19th-century Portuguese ceramics, Vila brings timeless elegance to professional dining settings. Its softly flowing edges and delicate floral motifs are available in five contemporary colors, along with a classic white design accented by blue filet detailing. Designed for demanding hospitality environments, Vila combines beauty with durability - its high resistance to chipping ensures lasting performance, even with everyday use. Perfect for hotels and restaurants seeking style without compromising on quality.

MARRAKESH Stoneware **NEW**

Designed by French floral artist Christian Tortu, the Marrakesh collection harmoniously blends sustainable craftsmanship, nature's essence, and Moroccan mystique. Inspired by the enchantment of the Majorelle Gardens, the collection's delicate floral forms invite diners on a sensory journey. Infused with the vibrancy of Moroccan markets, the distinctive interplay of speckled glazes and sandy, unglazed textures adds a unique touch to your culinary creations. Made of ecogres, Marrakesh isn't just an aesthetic choice; it's an invitation to showcase your dedication to sustainability.

REED Bone China

The Reed design is inspired by the natural beauty of the English countryside. The range includes special hand-painted illustrations of iconic English birdlife, including the Kingfisher, Reed Bunting and Lapwing. As a final flourish, 24-carat gold edging adds an extra sense of luxury.

The William Edwards range of Bone China is produced to the highest standards, with a bone ash content of 47%, making it extremely durable and giving each piece a bright and luxurious colour.

LUCA MOSAIC Premium Porcelain **NEW**

Bonna presents the bold and assertive Luca Mosaic collection, for those who seek a design to accompany the surprising and impressive harmony of different flavors they bring together on the plate. While designing Luca Mosaic, we were inspired by mosaic pieces that become breathtaking when put together and dedicated this collection to chefs who boldly create a mosaic of flavors by combining different tastes and smells.

The Sway Collection weaves a tale of rhythmic elegance inspired by the art of weaving. Evoking the tactile sensation of knitting and weaving, each piece creates a harmonious dance of textures. The rocking effect inherent in weaving gives birth to the collection's name, "Sway," mirroring the graceful movements found in dance and music. Craftsmanship and fluidity intertwine in a symphony of style, transforming any dining experience with Sway.

MOIRA Stoneware

The muted colors of smoky basil, smoky plum, dusted white, roasted sesame, and frosted blue are featured in the Moira collection, inspired by a minimalist mood board where home gardening and organic food are part of everyday life. Moira is made with the generous weight of stone. Every piece fits comfortably in cupped hands while the applied glaze gives them a soft natural sheen.

18/10 Stainless Steel

Inspired by the artistry and discipline of the Italian Renaissance, Rinascimento presents a confident balance of heritage detail and modern restraint. Crafted from premium 18/10 stainless steel, each piece is carefully finished to ensure durability, comfort, and precise performance. Despite its architectural detailing, the setting remains remarkably lightweight, offering a balanced, comfortable feel that sits naturally in the hand throughout the meal. Each utensil reflects Bugatti's dedication to refined form, thoughtful proportion, and everyday usability. Hand washing recommended. Many additional place setting and service pieces available.

ALADDIN (04) **NEW**

18/10 Stainless Steel

Inspired by a contemporary vision of eternal and noble beauty, the Aladdin collection of coloured cutlery was created to make your special occasions even more precious, surprising your friends and family with a magical mise-en-place.

MELODIA (06) **NEW**

18/10 Stainless Steel

The allure of a muse's song or a symphony performed by an accomplished orchestra that captivates and seduces you: these are the intense emotions that inspire the Melodia coloured cutlery range, designed to enchant you and your dinner guests.

OXFORD (03) **NEW**

18/10 Stainless Steel

Distinguished by the noble spirit of English heritage, the design of the Oxford coloured cutlery collection is inspired by the famous dining tables depicted in the greatest novels and films. Each piece of cutlery evokes a rich history and a sumptuous identity that adapts to any environment, elevating its style.

For all Bugatti flatware on this page, hand washing is recommended for Antique Silver and Gold Plated rings. Chrome rings are dishwasher safe.

Many additional place setting and service pieces available.

Fantasia is the modern embodiment of elegance and refinement. Made with 18/10 stainless steel, it features colored resin handles, ultrasonically welded to guarantee a perfect bond. The handles exhibit the same high resistance as wood and the resin of the handles is enriched with glass fibers, resulting in maximum color brightness. Fantasia is 100% dishwasher safe, tested to 5,000+ cycles, and includes a complete range of serving pieces (please contact us for more information). Shipping directly from the factory in Italy and with 2 metal finishes* and 31 handle colors to chose from, you're sure to find the perfect match to suit your table.

*Additional metal options available - please contact us for more information

CASABLANCA ETCHED **NEW**

18/10 Stainless Steel

Casablanca takes inspiration from silverware produced during the Victorian and Edwardian eras, when cutlery pieces were considered jewels adorning the table, goods of beauty that could delight both hands and eyes. Designed exclusively for Mepra by English architect Louise Jenkins and made in 18/10 stainless steel, Casablanca transforms an everyday item into an object of functional beauty. It features skillfully hand-designed laser engravings mimicking the same skills used by ancient craftsmen. Casablanca is 100% dishwasher safe, tested to 3,000+ cycles, and includes a complete range of serving pieces (please contact us for more information). Shipping directly from the factory in Italy and available in 2 finishes.*

The Due collection by Mepra is flatware that exudes luxury as a lifestyle. Its cool, minimal, sexy style is inspired by influential designers like Angelo Mangiarotti and exalted through generations of tradition, technique and superb materials. The metal undergoes a titanium-based molecular embedding process that makes for dishwasher-safe utensils that won't corrode, oxidize or stain. Due is 100% dishwasher safe, tested to 3,000+ cycles, and includes a complete range of serving pieces (please contact us for more information). Shipping directly from the factory in Italy and available in 4 finishes.* Substitute 2-letter color code for "xx" when ordering ("SM" = Stainless Mirror, "SI" = Stainless Satin, "O" = Gold Mirror, "OI" = Gold Satin).

*Additional metal options available - please contact us for more information

TWYLA **NEW**

18/10 Stainless Steel

Gracefully modern with a tactile twist, Twyla redefines the art of understated elegance, featuring elongated, tapered handles that bring a sense of sleek refinement to every setting. A subtle texture runs along each handle, adding depth, dimension, and a gentle shimmer that plays beautifully under ambient light. The result is a look that feels sophisticated yet quietly expressive. Twyla's balanced weight and minimalist silhouette make it a joy to hold and a standout on the table.

ST-10S - Slotted/Solid Spatula, 10" L **\$10.45 Ea**

Care and Maintenance of Your Flatware

All flatware pieces require the following care to maintain their original beauty and any warranties throughout their service life. These basic care and handling procedures will help maintain the appearance and quality of metalware products. Certain finishes and pieces have additional handling considerations, which will be discussed below. It is your responsibility to convey this information to the user and your staff.

When clearing tables, be sure to separate flatware, hollowware, and china into separate bus pans to prevent scratching. In addition, sort flatware by item (forks with forks, spoons with spoons and so on).

Download our
complete flatware
care instructions

Never leave knives, forks, spoons or any flatware unwashed for long periods (over 4 hours), as this could void any warranty claims. As soon as possible after service they should be pre-soaked in hot water (140°F-160°F) with a chlorine-free, non-abrasive detergent for 10-15 minutes and then removed. Be sure to check that the proper quality and quantity of detergent is used, as well as a water softener to avoid extremely damaging calcium deposits. Pre-soaking should be done in the appropriate tub taking care not to mix forks, spoons, and knives! This is important to prevent scratching. You also want to avoid using steel wool or metal scrapers to remove any food remnants from flatware and hollowware.

A high-temperature, mild detergent system is the proper method; avoid low-temperature chemical sanitization!

RSS always recommends a high temperature commercial dishwasher for flatware because low-temperature and residential units rely on the use of chemicals that usually contain chloride for sanitizing.

Washing should be done as soon as possible, using a proper plastic wash basket with compartments for forks, spoons, and knives. Different items should never be mixed in the same compartment to prevent scratches. Spoons, forks, and knives should be stood with the handle down to allow proper washing and drying.

Proper drying should be carried out to avoid water spots, particularly on the blades of knives. Improper drying may also lead to corrosion. Flatware and hollowware need the same maintenance. Simply remove the metalware from the baskets and lay it out on a towel to fully dry before putting away. For storage, make sure it is clean and dry and store in a dry area away from humidity and grease.

Knives & Knife Blades

Knife handles and blades are made from hardened stainless steel, which is necessary to retain their cutting edge. This grade of stainless, while being resistant to most foods and chemicals, is more subject to spotting and pitting than the grade of stainless steel used in other pieces. The conditions that most commonly cause spotting or pitting are prolonged contact with foods that contain chloride such as salt, salad dressing, etc. Spotting will also occur if knives are soaked in water or are not thoroughly dried promptly after washing.

Stainless Steel Flatware

When caring for stainless steel, contact with dissimilar metals, such as silver, during washing can cause discoloration or pitting. Discoloration can also be caused by certain foods such as salt, tea, coffee, salad dressing, vinegar and mustard that are absorbed by the oxide film on the steel. If using a dishwasher, do not overcrowd flatware and leave room for water to circulate.

Flatware under the RSS International brand has the following colors and finishes available

Stainless Steel Mirror - "-SM"

Stainless Steel Satin - "-SS"

Gold Mirror - "-GM"

Gold Satin - "-GS"

Rose Gold Mirror - "-RM"

Rose Gold Satin - "-RS"

Black Mirror - "-BM"

Black Satin - "-BS"

PVD Coated Flatware

The best way to care for PVD (Physical Vapor Deposition) coated flatware is to hand wash with a mild soap immediately after use, as prolonged exposure to salts and acids in foods (mustard, salad dressings, etc.) can damage the surface. Never soak PVD flatware, never use abrasive scrubbers (including Scotch-Brite or steel wool), and avoid bleach and acidic detergents, as these all can damage the surface. Dry with a soft cloth and make sure pieces are thoroughly dry before storing. PVD flatware should always be hand washed before the first use.

Silver and Gold-Plated Flatware

Never leave plated flatware unwashed overnight, as the acids in the foods could stain or pit the plating. Prolonged soaking should also be avoided and sponges or harsh detergents should never be used. The plated flatware should only require polishing a few times a year using polish that is specifically made for silver or gold plate.

Wash plated flatware by hand for longest life. Gold-plated flatware should be hand-washed only, using a mild, non-chloride detergent. Low temperature commercial or residential dishwashers should not be used for plated flatware because the chemicals used for sanitizing will corrode the plating.

SPECIAL ORDER

Flatware labeled as special order is currently not stocked at RSS and will take approximately 6-8 weeks for delivery. No minimum quantity required.

TALISMANO COLLECTION

NEW

A new shape - simple and perfect - and a new production technology that reproduces artisanal techniques. These two important parameters paved the way for the Talismano collection: super-light and balanced when tasting. Robust and flexible, the glasses transmit the quality and the intense aroma of the wine, designed to develop an excellent mouthfeel by creating a perfect equilibrium amongst various components of flavor. Let Talismano be your lucky charm.

MIXOLOGY COLLECTION **NEW**

Between history and culture, from Prohibition to exotic mixtures of avant-garde, emerges Mixology, the art of mixing where nothing is left to chance. Luigi Bormioli embarked upon this new adventure with a collection of luxury Barware and Cocktail making equipment, created in collaboration with Yuri Gelmini, head barman of the Surfer's Den in Milan and Futuristic Mixologist. The study and the search for new elements, expert hands which know how to mix and fine-tune new flavors, everything is left to the taste and the imagination of Futurist Mixologist Yuri Gelmini, and leads to forms of creativity and aesthetic expression thanks to both technical means and his ability deriving from study and experience in this field.

SENSA COLLECTION

NEW

Featuring a cut rim and a classic shape, the Sensa collection of lead and cadmium free crystal provides a refined, elegant presentation, perfect for professional and high-end hospitality settings. Machine-made and dishwasher safe, Sensa is available in gold-rimmed (smooth bowl), clear (fluted bowl), and four subtle hues (tumbler, coupe, and red wine only) (fluted bowl).

Substitute color code for "xxx" when ordering colors. Use "TRQ" for Turquoise, "BTL" for Bottle Green, "SMG" for Smoked Grey, "MAG" for Pink Magnolia

THE QUATROPHIL COLLECTION

The Quatrophil series offers exceptional glasses: Their shape ensures the maximum flavor of the wine. The particularly high, filigree stem and the cubic shape are the distinctive features of this glass series. And the accentuated deep scheduled widest point of the goblet gives the glasses a special expressiveness.

Pairs well with stemless 358 series on page 75

THE KYOTO COLLECTION

Inspired by Japanese design sensibilities, known for their precision, minimalism, and aesthetic sophistication, the Kyoto Barware aligns with the creative and meticulous nature of mixology. The use of ultra-thin glass in the Kyoto Barware not only contributes to its distinctive appearance but also provides a canvas for mixologists to showcase their crafted concoctions. This allows the vibrant colors and intricate details of the drinks to shine through. The lightweight and elegant design of the Kyoto Barware adds an extra layer of sophistication to the mixologist's toolkit, enhancing the overall presentation and drinking experience for both the creator and the consumer.

THE REVOLUTION COLLECTION

The straight, conical shape characterizes the Revolution line, whose design is influenced less by the individual grape and more by other elements such as acidity, maturity, tannin, viscosity and the bouquet of the wine. Bowl and stem are sealed together without seamlines for superior durability. Pairs well with stemless 358 series on page 75

HEATER STANDS

The heater stands by D.W. Haber are the ultimate 'wow' factor for your action stations. Available in 20" and 40" sizes, these stands can be customized with a carving board, grill or aluminum insert, and provide the perfect surface for keeping your food warm. Top the grill with hydraulic chafers for an incredible, modern buffet setup. Use with heatlamps on [page 128](#) to create appetizer or carving stations.

- 18/10 stainless steel construction
- Create unique action stations with heater stands as chafers alternatives
- Grill tops, aluminum plate with groove, and maple serving board (20" only) interchangeable on stand bases
- 1 year manufacturer defect warranty

HOMESTYLE CHAFERS

Create an inviting & cozy presentation on your buffet with Homestyle Chafers from Creations. Available in brushed stainless steel and antique bronze finishes, these unique vessels look like cookware you'd use at home, but have the functionality of a high-volume chafing dish at a great price point. Safe for the oven, freezer or on induction, the Homestyle Chafers are also dishwasher safe, making cleanup quick and easy. One food pan included with each chaffer.

HEISS INDUCTION READY COOKWARE

- Energy-efficient: made from 100% cast aluminum that heats quickly and stays hot, consuming less energy during the cooking process than traditional cast iron dutch ovens
- Extremely lightweight alternative to enameled cast iron
- Safe for oven (up to 500°F), induction, gas, electric, or open flame cooking
- Even heating throughout unit
- Commercial grade clear coat resists chipping, staining, burning and sticking
- Commercial and residential dishwasher safe
- Please substitute color code for "xx" when ordering: Antique White ("AWH"), Gray ("GR"), Cobalt Blue ("CB"), Red ("R")

HYDRAULIC INDUCTION READY CHAFER COLLECTION

Each hydraulic-closing chafers lid has a convenient large glass view in the cover to increase visibility of the food while minimizing the times the lid is opened, therefore keeping the heat in and the food at proper serving temperature. Additionally, the easy-to-remove hydraulic lid closes on its own to ensure that food is kept safe and covered during service. Great for any buffet display, these chafers are induction capable and perfectly priced for even the most value-conscious operators.

STORAGE BAGS

PRINTED STORAGE BAGS

- Imprinted with "THANKS FOR SHOPPING YOUR PARTY RENTAL STORE"
- Cover appliances, pots, chafers, fountains, etc.
- Keep glassware, flatware, china and other items in sanitary condition
- Protect silver service, glass punch bowls and other delicate items
- Full .00125 gauge, 250 bags per roll
- Purchase in pallet quantities and save as indicated below.

NON-PRINTED storage bags

- Same clear plastic bags as above, without printing
- Bag your rotomolded columns with the 198108 bag
- 502047 bags are sized to cover roll-away beds and cribs, but also work great to protect folding chairs during storage

NON-PRINTED GARMENT BAGS

- Polyethylene rolls, .6 mil gauge
 - Includes a pre-slit hole at the top to pull a hanger through
 - Each roll weighs 25 lbs.
- All bags (including non-printed bags) are printed with a child suffocation danger warning notice

RACK-MASTER® FULL-SIZE RACK SYSTEM

- Sturdy, lightweight system can accommodate virtually any glassware or smallware
- Molded one-piece, double-wall, copolymer polypropylene construction offers strength and durability
- Open profile facilitates washing and drying action
- Easy-grip handles molded into all four sides
- Dishwasher standard 19-3/4" x 19-3/4" outside dimensions
- Four-way positive stacking
- Hexagonal compartments hold 17-30% more glassware than square compartments

PM3807-2 - Saucer (38 Slot), Fits 5" to 6-1/10" D x 1" H Plates **\$127.50 Ea**

Rack Identification

Traex offers two rather different options for rack identification as follows:

1. Use the "Code-A-Clips" shown below to identify which glasses go into which racks
2. Develop your own color-code scheme to identify which glasses go into which racks and then purchase racks in the appropriate colors. In addition to the standard beige racks stocked at RSS, entire racks, the top extender only, or all extenders can be special ordered as indicated (see "Colored Racks" topic)

COLORED RACKS

- RSS stocks Traex racks in the standard beige color.
- Racks and/or extenders can also be special-ordered in six other colors by appending the pertinent color code from the following list to the rack part number

02-Red	19-Green
06-Black	21-Burgundy
08-Yellow	44-Royal Blue
- Use the color code itself to indicate that the base and all extenders, i.e., the entire rack, is to be colored
- Preface the color code with an "8" to indicate that all extenders are to be colored (base will be beige)
- Preface the color code with a "9" to indicate that the top extender only is to be colored (base and other extenders will be beige)
- Please allow two to four weeks for delivery of special ordered racks

**CODE-A-CLIPS™**

- Identify your glassware using these colored and/or imprinted clips
- Clips snap onto full-size glass racks, any number of sides desired
- Nine colors available; brown, red, orange, blue, white, black, yellow, green and beige
- Stock imprintings (50+ glassware categories) on white clips available
- Custom imprinting on any color clips also available - one-time plate charge applies

1009-xx - Color clip **\$2.35 Ea**
 1009-xx - Stock Imprinted clip **\$3.60 Ea**
 1009-CUSTOM - Custom Imprinted Clip **\$3.60 Ea (Minimum 36)**
 TRAEX-PLATE - Plate Charge, Custom Clip **\$150.00 (One Time)**

IMPRINTED RACKS

- Glass and plate racks may also be special-ordered with identifying information imprinted directly on the rack
- Identifying information (generally business name and/or logo and phone number) is imprinted in lower right corner of a rack side
- Imprint one side or up to all four sides of rack
- Imprint with either black or white ink
- Camera-ready artwork required for any graphics
- One-time plate charge assessed for creating imprint stamp
- Please allow two to four weeks for delivery of imprinted racks

RACK-STAMP-05* - White Ink **\$1.50 Ea (Minimum 36)**
 RACK-STAMP-06* - Black Ink **\$1.50 Ea (Minimum 36)**
 TRAEX-PLATE - Plate Charge, **\$150.00 (One-Time)**

RSS-PC- \$8.85 Ea

COMMERCIAL GLASS POLISHER

The GP-100 Commercial Glass Polisher is key to sparkling glassware for rental stores, event venues, hotels, caterers, bars, and restaurants for whom consistently brilliant glassware is important for maintaining their reputation.

- Polishing heads simultaneously polish glassware inside and out and are dried by the warm air of the blower
- Soft microfiber twine material minimizes stress on glassware reducing the potential for breakage
- Polishes up to 350 glasses per hour saving hundreds in labor and minimizing costly handling breakage
- Customers enjoy sanitary, crystal clear glassware with minimal handling by event staff
- Small footprint and built-in handles for portability
- Removable polishing heads are hand or machine washable and easily reinstalled
- Optional flute brush fits in glasses as small as 1-1/2" diameter
- Set of 5 replacement polishing heads available
- 110 volts, 1350 watts
- Dimensions: 13" L x 11-1/2" W x 20" H
- 2 Year Limited Warranty

COMMERCIAL FLATWARE POLISHER

Bar Maid Commercial Cutlery Polishers make polishing flatware fast and easy. They reduce labor costs, risk of injury and unhygienic handling associated with hand polishing.

- CP-3000 polishes up to 2000 pieces per hour while CP-7000 does up to 4000 per hour
- Insert 8-10 pieces of flatware into the top chute every 10-15 seconds
- Flatware must be clean and wet when entering the polisher
- Cutlery vibrates through warmed organic granulate (150-170°F) drying and polishing cutlery
- UV-C exposure sanitizes before cutlery exits, helping to eradicate any potential bacteria remaining from the washing process
- Polished, dry, sanitized cutlery exits from the side chute into a clean bus pan or rack
- Specifications:

CP-3000	CP-7000
110-120V AC, 50/60 Hz	110-120V AC, 50/60 Hz
550 W, 4.6 Amps	630-750 W, 6.25 Amps
Dimensions: 23" x 21" x 15" H	25-3/5" x 24-1/2" x 19" H
Weight: 100 lbs.	139 lbs.
- Includes one 12.5 lb. bag of granulate for initial fill
- 1 Year Limited Warranty from the date of purchase covering defects in materials and workmanship

SOLID DOOR REACH-IN REFRIGERATORS AND FREEZERS

Arctic Air's solid door reach-in refrigerators and freezers are designed to bring you real, commercial-grade performance at a truly incredible value. All Arctic Air commercial products are tested to NSF levels and must pass numerous quality control inspections throughout the manufacturing process.

The exterior of Arctic Air's reach-in models are beautifully designed in a smooth stainless-steel finish for a professional look that you would find hard to limit in any commercial application. More importantly, these units have many features that are desired in today's commercial foodservice market. Features that include an inner door liner that is constructed of a hi-impact ABS polymer with an irregular shaped surface along with a vaulted design that extends beyond the door opening when shut. This door liner allows the end user lower compressor run times over the life of the unit due to its irregular surface working in conjunction with the vaulted door liner. Other features include hi-grade stainless steel floor with coved corners, high output yet electrically efficient fan motors, electronic micro-processing digital temperature control with external digital display, and a bottom mounted compressor along with a front accessible bottom mounted condensing unit for easy maintenance/cleaning/servicing.

- Electronic thermostat with external digital LED display for accurate control and easy reading
- Cabinet interior is bright white aluminum liner with full stainless steel floor with coved corners
- Three (AR23 & AF23)/Six (AR49 & AF49) adjustable, heavy-duty epoxy coated wire shelves
- Self-contained capillary tube system using environmentally friendly, CFC free R290 Hydrocarbon gas refrigerant
- Exterior cabinet construction consists of full stainless steel front and sides
- Efficient condensate hot gas loop built into condensate pan for energy saving evaporation of excess condensate water
- Bottom mounted compressor for more efficient operation in coolest area of the kitchen
- Front accessible, bottom mounted condensing unit is mounted on slide out rack for easy maintenance
- Easy to mount casters (two lockable) are standard with all units
- Vaulted self closing doors that remain open at 90 degrees
- Magnetic door gasket is removable and replaceable without tools
- Freezer (AF23/AF49) door frames have integral factory installed heating element to eliminate condensation
- Field reversible, lockable doors with foamed-in-place recessed handle
- Larger fan motors and blades for more efficient air flow ensuring faster recovery times
- Units can hold optional free-standing, full size sheet pan rack (#64900K) behind each door - some field install is required
- Optional Sheet Pan Rack features fully welded construction and holds 14 18" x 25-3/4" sheet pans on 3" centers
- Tested to NSF Standard 7 requirements for open food storage
- Plugs are NEMA 5-15P; Cord lengths are 8'
- Full two-year parts and labor warranty and five year compressor warranty

FULL SIZE, STANDARD DEPTH GAS CONVECTION OVEN

The SL-Series SilverStar Convection Oven is a standard depth, single deck unit with standard controls. This oven features a stainless steel exterior and 72,000 BTU burners for quick temperature recovery. It accommodates one full size (18" x 26") sheet pan per oven rack left to right in the oven.

- Patented, high efficiency, non-clog Inshot burners
- 72,000 BTU (natural gas or LPG) with solid state thermostat control
- Blower fan circulates air within the cavity, "scrubbing" heat to the oven interior for even heat distribution
- Stainless steel front, top and sides
- Dependent glass doors (Full 180° opening)
- Energy saving high efficiency glass windows
- Heat keeping dual door seal system
- Stay cool heavy duty door handle
- Coved, fastener-free, porcelain enamel interior
- Soft Air 1/2 hp fan 2-speed motor, 1710/1120 rpm
- Heavy-duty removable wire rack guides spaced on 1-5/8" centers offer 11 different rack positions
- 5 plated oven racks provided with oven
- Slide out control panel extends over 17" for easy, full view servicing
- Electronic ignition with hot surface ignitor with flame safety device
- Forced cool down fan mode
- Oven "heat" light cycles with burners
- Two 40 watt high temperature recessed lamps located within the oven cavity
- 140°F to 500°F solid state thermostat and 60 minute mechanical cook timer
- 120V, 60Hz, single-phase; maximum 7.9 amps
- Single deck convection oven is 54-1/2" in height with legs
- Oven package includes a propane hose, quick-connect fitting which allows the hose to be easily attached and detached from the back of the oven, preventing transport damage, oven, stand, motor guard, casters & mounting hardware
- 26" Stainless steel triangular legs included
- **Backed by the most comprehensive service program in the foodservice industry, Southbend's Service First™ program**

Back of oven w/ motor guard

Electronic Option
Now Available

Heavy-Duty Steel Stand

- Heavy-duty stand constructed from 1-1/2" tubular welded steel
- Stand attaches to bottom of oven with six bolts
- Black powder-coated finish
- Heavy-duty casters are 10" fully pneumatic with two fixed and two locking swivel
- Lowered top bar on one side of stand allows oven to be positioned on stand with standard fork lift
- Dimensions: 38" W x 30-1/4" D x 24" H (including casters)
- Optional reinforced steel shelf fits snugly across bottom rung of stand

Stand w/Optional Shelf

The Hose Kit

- Connect oven to 60 or 100 lb propane tank using optional hose kit
- Hose attaches to oven intake port, includes a two-stage regulator, and provides standard POL connector to propane tank
- Available in 12' and 25' lengths
- Hoses should only be attached to the oven using the optional quick-connect kit, which allows the hose to be easily attached and detached from the back of the oven, preventing transport damage

FOOD TRANSPORT / PROOFER CABINETS

- Strong, lightweight aluminum welded construction provides for easy handling and resists punishment
- On insulated units, expanded urethane insulation between inner and outer shells creates effective thermal barrier
- Doors fit snugly against cabinet and swing full 270° to fit flush against cabinet side when open
- All units fitted with solid aluminum doors (clear lexan doors available - call for information)
- All models have heavy-duty 5" swivel casters. Front casters lock on proofer models
- Transport units designed to hold 40 full-size sheet pans (18" x 26") or 80 half-size pans (13" x 18"); Proofer models hold 34 full-size or 68 half-size pans
- Pan supports are integral with side panels and are 9/16" wide (17-5/8" fall-through) on 1-1/2" centers
- All models fitted with ceiling exhaust vent and rear pan stops to ensure sufficient air flow to support use of chafer fuel as heat source
- Heated units have three heating elements - one in water pan for humidity control and two in blower for heat circulation
- Heating/humidifying units can be simply unplugged and removed for easy cleaning
- Heated units provide separate controls for on/off, proof/hold, humidity (to 95%) and temperature (to 160° F non-insulated or 180° F with insulation)
- Heated units are equipped with a **NEMA 5-15P plug** and operate on a **dedicated 125 volt, 1500W, 15 amp circuit**
- Proofer heat unit controls accessible at bottom of cabinet without opening door - includes cover plate to use cabinet for chafer fuel with heat unit removed
- Optional internal heat unit for transport models fits inside door at bottom of cabinet
- Optional corner bumpers cover base corners and 2" to either side
- Bumpers must be factory installed when cabinet is built

 CA67-PFIN-34ID-X - Proofer Cabinet, Heated and Insulated **\$3,521.00 Ea**

PLATE-MATE STANDARD MOBILE PLATE RACK

The standard heavy-duty mobile plate rack unit is an 84 plate mobile, stainless steel, commercial plate tree stand. Built to roll long distances, even when plated, it's ideal for use in banquet serving or banquet plating and commercial kitchens and can hold up to 84 pre-plated dinners. The swivel-wheeled commercial hospitality cart makes this rack easy to move, and the wheel locks allow you to make sure the rack stays where you want it.

- Fully tested in professional kitchens throughout the U.S.A.
- Can tip up to 20° with no plate loss when properly leveled
- Simple to adjust to hold nearly any size plate
- Each of 4 sides can hold a different course - twenty-one plates per side
- Stainless Steel Frame
- 600 pound load capacity
- Total height: 73.5" with 5" casters
- Under-carriage dimensions: 23.6" x 23.6"
- Weight: 50 lb.

CATERAIDE™ IT INSULATED FOOD PAN CARRIER

- Holds up to six 2-1/2" deep food pans
- Thick foam insulation holds temperatures in the safe zone for over 6 hours
- Button-hole latch design offers convenient one-hand operation and keeps the doors and lids closed tightly for better temperature retention
- Latches are field adjustable to insure a secure seal for the life of the carrier
- End loader's exclusive low-profile double hinge opens 270° for easy loading and unloading; lies flat to save space and makes it less likely to break
- Door hinge can be removed for easy and thorough cleaning
- Seals on unit are built in to eliminate gaskets
- Top surface of unit is flat so that it can be used for prep when space is limited
- Features secure stacking for easy transport and storage
- Pre-drilled holes in end loader allow permanent 5" non-marking casters (2 locking) to be added
- Dimensions: Outside - 26-13/20" L x 18-3/20" W x 29-3/20" H
Inside - 19-1/2" H x 13-1/4" W

- Brass grommet (#8 2-piece) secures top of cover
- Stainless steel joints and joint rivets
- Spring-activated steel ledge supports umbrella when open
- Other colors available upon request
- Purchase base separately

VINYL CARE - Patio Umbrellas

The most effective method for maintaining Frankford's heavy gauge vinyl is to clean the vinyl once a month with water using a low-pressure hose to prevent the accumulation of dust, pollution particles, foreign organic materials, and general dirt stains. For more embedded stains, brush the loose dirt away with a soft brush, rinse the vinyl material with a low-pressure hose and use a vinyl cleaner, sponge and lukewarm water to scrub away stubborn stains. **Do not use dish detergent.** This will dry out the vinyl and expedite the aging process of the vinyl material.

STERNO

STERI-FAB® DISINFECTANT

- Much more than a disinfectant, Steri-Fab® is also an insecticide, a bactericide, a fungicide, a deodorant, a germicide, a viricide, a mildewicide and a sanitizer
- For use on mattresses, bedding, furniture, carpet, etc.
- Requires no dilution - simply spray on and allow to dry (about 15 minutes)
- Non-staining and non-residual (no chemical residue)
- Available in pint and gallon containers
- Coverage: 1500 sq. ft. per gallon
- Plastic trigger sprayers attach to one-gallon containers to permit direct spraying from these containers
- Continuous action sprayer has one quart capacity, is fully labeled for use with Steri-fab, and dispenses at the recommended coverage rate
- Meets all state requirements for bedding disinfection

LEMON SLAM DISINFECTANT

A phosphate-free formulation designed to provide effective cleaning, deodorizing and disinfection in areas where housekeeping is of prime importance in controlling the hazard of cross contamination on treated surfaces. This product is an economical concentrate that can be used with a mop and bucket, trigger sprayers, sponge or by soaking. It is a versatile cleaner, sanitizer and broad-spectrum disinfectant formulated for use in hospitals, nursing homes, whirlpool, home, institutional, industrial, school, dairy, equine, poultry farms, vet and animal care facilities, food handling and processing areas, federally inspected meat and poultry plants, etc.

- Complete, chemically balanced disinfectant, sanitizer, virucide, fungicide and mildewstat
- Cleans and disinfects in one labor saving step
- Effective deodorizer, kills odor causing bacteria
- Apply to hard, inanimate, non-porous surfaces
- Can be applied with a mop, sponge, or cloth as well as spraying or soaking
- The recommended use solution is prepared fresh for each use then discarded
- See product label for complete directions

CITRUS CLEANER/DEGREASER

- 100% organic citrus based cleaner
- **Great for removing tree sap from tent surfaces**
- Also completely cleans and removes engine grease, tar/asphalt, paints/ink, glue/adhesive, chewing gum, etc.
- Regular use keeps drains clean, deodorized, and free flowing
- Non-toxic and totally biodegradable
- Deodorizes as it cleans
- **CAUTION - When using on tents, surface must be rinsed thoroughly within a few minutes of application. Extended "soak" times may cause softening of tent fabrics**

Candelabra (C7) Base and Intermediate (C9) Base Light Stringers and bulbs

- For indoor and outdoor use
- Heavy-duty SPT-1 sockets spaced 12" apart
- White AWG-18 cord
- Available in 25' (w/ plug and end-to-end connectors), 100' (w/ plug only) and 1000' (bulk-no plugs or connectors) lengths
- UL listed, commercial-grade bulbs, w/ brass base
- Average standard bulb life: 3,000 hours
- LED bulb shells made of weather resistant, break resistant durable plastic
- LED bulbs produce little heat and consume only about 10% of the power of incandescent bulbs
- Maximum runs: 840 W (7A)
- Dimmable LED bulbs must be used with an LED compatible dimmer to avoid shortening bulb life
- *LED dimmers compatible with all LED dimmable bulbs, included remote control range approx. 50'. Timer function included (.5, 1, 2 & 4 hrs.)
- Use 2 watts for calculation purposes for LED bulbs

ELEMENT H6 PAK CHARGING CASE W/6 H IP BLACK OR CHROME FIXTURES

The ADJ Lighting Element H6 Pak is an all-in-one event up lighting system with (6) IP54-Rated battery powered black or chrome fixtures in a durable flight case with on-board battery charging solution. Includes one UCIR24 wireless remote. Suitable for indoor and temporary outdoor use. The Element H6 Pak is an exceptional lighting system that offers power, versatility, and convenience for all your event lighting needs. With its impressive features and durable design, this lighting system is perfect for event producers, and anyone looking to add some excitement and style to their event.

- IP54 Rated: partial protection from dust and water splashes
- Built-in kickstand to angle fixture when sitting on the floor
- 4-touch button OLED display inside cover panel
- Built-in Aria X2 wireless DMX with signal LED indicator
- 63 built-in Color Macros
- Variable RGBAW UV color mixing offers a smooth, seemingly unlimited color palette - Great for Stage or Wall Washing!
- LED pulse and strobe effect (0.2Hz-11Hz)
- Flicker Free Operation
- Electronic Dimming: 0 - 100% with 6 dim modes and 4 dim curves
- Run all night - No duty cycle
- Battery charge indicator on each fixture
- Energy Save Mode
- Battery Type: fixed polymer lithium battery
- Battery Charge Time: 6 Hours
- Battery Life: 6 Hours in Normal mode and 12 hours in Energy save mode(single color)
- Power Draw Total (All LED's @ Full On): 20W
- Fixture Dimensions: 5.64" long x 5.67" wide x 7.65" high/Weight: 5.3 lbs.
- CaseDimensions: 18.2" long x 26.4" wide x 18.1" high/Loaded Weight: 84.66 lbs.

MIRAGE Q6 PAK

The ADJ Lighting Mirage Q6 Pak is an all-in-one event up lighting system with six (6) IP65 rated, for outdoor or indoor use, battery powered fixtures and a durable flight case with an on-board battery charging solution. Pak includes fixtures and case, charging bases, power supplies, UC-IR controller and IP65 locking power cable.

Each Mirage Q6 IP fixture is powered by four (4) 10W RGBA LEDs that produce a 11° beam angle. The fixture is IP65 rated and is waterproof; suitable for temporary use outdoors with protection against the elements (rain, snow, dust and sand). Built-in WiFLY EXR wireless DMX allows for the fixtures to communicate with a lighting controller, also with WiFLY EXR wireless DMX, up to 2,500 feet (700M) away.

Ideal for wall washing, Mirage Q6 IP fixtures are all fitted with an integral carry handle and built-in feet which mean they can simply be dropped in place and are ready to go. They also feature a built-in kickstand which allows the beam to be easily angled inwards towards a wall if required. This creates a more intense wash and minimizes light spill onto the ceiling above.

Mirage Q6 Pak fixtures feature a mirror finish housing that allows the fixture to blend in with its environment, while Mirage Q6 Pak Black has black housings.

Each fixture has an alarm system with on/off controls. If someone picks up the fixture with the alarm system on, the fixture will make a beeping sound and strobe in red. The robust battery will operate up to 40 hours on a single color (20 hours changing colors). The battery charge time is 7 hours. 50,000 hour average life.

- 5 Operation modes: RGBA Dimmer Mode; Auto Run Mode (13 programs, & 1 color/fade combo mode); Static Color mode; and Wireless DMX Control
- Flicker Free Operation; LED Pulse & Strobe effect (0.2Hz - 11Hz)
- 4-touch button OLED display on rear panel
- Built-in WiFLY EXR wireless DMX: Up to 2,500' when used w/ ADJ's WiFLY EXR Battery Transceiver
- 64 built-in Color Macros; No Duty Cycle; Energy Saving Mode
- Electronic Dimming: 0-100% with 6 dim modes and 4 dimming curves
- Control Protocol: WiFLY EXR Wireless DMX
- Remote Control: WiFLY EXR DMX, UC-IR (Included), Airstream IR
- 11 DMX Channel Modes: 4, 6, 7, 8, 9A, 9B, 10, 11, 12, 15 or 18
- Light Source: 4 x 10W RGBA LEDs
- Illuminance: 9903 lux @ 2m; 2303 lux @ 4m
- Beam Angle: 20°
- Input Voltage: AC 100-240V, 50/60 Hz
- Power & Current: 40W, 2A, DC 17.3V
- Case Dimensions: 26-1/2" x 8-1/10" x 17-3/4" H; Loaded Weight: 97.9 lbs
- Fixture Dimensions: 5-3/5" x 5-3/5" x 8-1/3" H; Weight (Ea): 6.17 lbs.
- Approvals: CE, ETL

EZpar™64RGBA

EZ par™64RGBA is a battery-powered wash light designed to free the user from the hassle of running cables and speed setup. The rechargeable lithium-ion battery lasts up to 20 hours on a single charge and powers all 180 red, green, blue and amber LEDs to deliver stunning colors. Easily keep tab on the remaining charge using the visible battery-life indicator, and add a wireless receiver to create a completely wireless solution.

- Achieve rich colors and pastels using the amber LEDs
- Convenient non-DMX wireless operation with the included IRC remote
- Built-in automated and sound-activated programs via DMX, IRC remote or master/slave
- Light source: 180 (39 red, 39 green, 51 blue, 51 amber) 0.25W LEDs, 100,000 hrs
- Beam angle: 14°; Field angle: 23°
- Maximum run time (all on): Up to 8 hrs
- Maximum run time (single color): Up to 20 hrs
- Recharge time: 6 hrs
- Illuminance: 1325 lux @ 2m
- Power linking: 55 units
- Power and current: 33W, 0.3A
- Fits in gear bag CHS-25, holds 4 lights
- Weight: 4 lbs.

LB-HEX-UNPLUGGED

6 x 6 W Battery Powered LED PAR! Meet the LB Hex™ Unplugged™: one incredibly powerful LED wash fixture! Featuring 6 x 6 W RGBAW + UV LED's plus a lithium-ion battery system, LB Hex™ Unplugged™ delivers smooth, rich colors for up to 15 hours on a single charge.

- 6 high output 6 W RGBAW + UV 6-in-1 LED's
- Intelion™ lithium-ion battery system
- Selectable power saving modes
- Real-time battery life monitoring
- Wireless IR remote control
- Variable electronic dimming
- 8/13 channel DMX
- Flicker-free constant-current LED driver
- Strobe (1-20Hz), 5 different effects
- Built-in auto and sound active modes plus multiple color presets
- User selectable 32-bit dimming curves
- 4-button LED control panel for easy programming
- Convection cooled housing, totally silent operation
- Dual bracket for flexibility in mounting
- 3-pin male/female XLR input & output
- PowerCon™-compatible AC power In/Out
- Flicker-free constant-current 1500HZ LED driver
- wiCICLE enabled
- Voltage: 110-240VAC, 50-60 Hertz
- Power Consumption: 21W, .24A, PF: .66
- Protocol: USITT DMX-512
- Beam angle: 25°
- Illuminance: 4,319 lux @ 1m, 883 lux @ 2m
- Battery Capacity: 4.4Ah
- Battery Run Time: All on: 4+ hours; Single Color: Up to 15 hours
- Charge Time: 3.5 hours
- Dimensions: 7" x 5-3/5" x 8-1/3" H
- Weight: 4.9 lbs.
- 2-year limited warranty does not cover malfunction caused by damage to LEDs

ROAD CASE

- Constructed with 3/8" plywood covered with durable ABS plastic exterior laminate, heavy-duty locking 3" casters
- Full-length steel piano hinge, steel recessed butterfly latches
- Tapered aluminum edging steel ball corners
- 4x steel recessed handles with rubber hand grips
- Interior lined with thick foam and fitted with 10 Power Con®-compatible plugs. Simply plug the 5' main AC cord that's located in a rear compartment of case to a standard AC outlet to charge up all of your fixtures
- Dimensions: 43" L x 19" W x 18" H
- Case holds 10 LB-HEX-UNPLUGGED fixtures

LIBERTY 3

Anchor Audio's all new Liberty 3 is a durable, cable-free, all-in-one portable PA system. Take your sound anywhere you need it and play for as long as you want. Stereo or mono. Voice or music. Inside or out. Whatever your event demands, Liberty 3 will make you a hero. AnchorDSP (Digital Signal Processing) introduces an entirely new sound quality experience in high-fidelity music with the most effective voice frequency reproduction available.

- New AnchorFlex Series 3 technology provides the ultimate in flexibility - link two Liberty 3 units (Hub and Connect models only) for stereo or transmit in mono to as many as 1,000 in-range (300'+) units for maximum coverage, all with negligible latency
- Reaches crowds up to 1,500+ and easily covers outdoor PA applications 90' wide x 175' long (e.g. 25% of a football field or two tennis courts)
- AnchorDSP is incredibly easy to use, ensures system efficiency and white noise reduction, and is powered by a Class D amplifier that delivers 123 dB of sound
- 20Hz - 20KHz frequency range provides the best Anchor sound ever
- Speakers: 10" Neo woofer and ceramic compression driver protected by a flush-mount grill
- Long-range Class 1 Bluetooth receiver for audio streaming
- AnchorPower: Two fast-charging Lithium-Ion 10Ah re-chargeable batteries provide up to 7 hours of play time
- Up to four 1.9GHz AnchorLink professional-grade wireless microphones
- Two XLR-1/4" wired microphone inputs (phantom power)
- USB phone charger port
- AnchorPower battery fuel gauge
- No external antennas to break or lose
- Weather-resistant construction with removable back cover protecting the controls
- Back cover includes storage for 4 microphones
- All in one integrated design includes heavy-duty wheels and telescoping handle for easy transport & storage and built-in side handles for easy lifting
- Speaker dimensions: 15" x 14" x 23.5"
- Speaker weight: 46 lbs.
- 6-4-2 Warranty: 6-years on all products, 4-years on lithium-ion batteries and 2-years on microphones and peripherals

PASSPORT SERIES 2

The Fender Passport Series 2 is a self-contained portable audio system that includes everything you need for great sound anywhere you go. Carry your Passport as you would a suitcase and simply flip open the cabinet release latches when you're ready to set it up. Inside you'll discover two full-range speaker cabinets, a powered mixer, and all the cables you'll need to get started.

Bluetooth® audio streaming, full-range speakers, versatile features, friendly front-panel controls and plenty of power provide clear and reliable Fender sound ideal for a wide range of uses - educational, sporting and worship events; meetings, seminars and presentations; and musical performances at parties, small clubs, coffeehouses and much more.

When you need a portable PA system, go with Fender Passport—Sound that Travels.

THE ANNOUNCER

The R750 Announcer adds several new features to an already great product. With the addition of the B0051 sound system, the R750 is the ultimate portable lectern. A heavy-duty plywood cabinet clad in industrial grade carpet is built for commercial usage, making it ideal for industrial, institutional, and rental applications. It's still the most portable and durable product on the market. The R750 is available in the standard table top version or can be paired with the optional RS7 folding floor stand.

- 150 watt built in amplifier
- Control panel with volume, auxiliary, bass, and treble controls
- Wired gooseneck microphone
- UHF 16 channel wireless receiver with wireless handheld microphone*
- Built in Bluetooth module
- Built in speakers
- External 1/4" speaker output
- Line output 1/4" connector
- Auxiliary input 3.5 mm
- XLR Microphone input
- Available in 120V AC only
- Power On/Off switch
- Available in Charcoal Gray, and Black
- Optional RS7 stand (does not include a speaker) folds for easy transport
- Pair with an appropriately sized third-party battery power pack for a truly portable system

*16 channel wireless bodypack transmitter with headset and lapel microphone also available at additional charge. Call for pricing.

DIPLOMAT/R PORTABLE TRIPOD PROJECTION SCREEN

A heavy-duty tripod that combines the simplicity of design with rugged components, the Diplomat/R portable projection screen is engineered to handle repeated set-ups and tear-downs. Housed in a steel reinforced case, it can withstand the rigors of shipping, as well as traveling tours, events, conventions, presentations, or rental applications. It features easy set-up and one-hand case adjustment. The black carpeted case hides dents and scratches.

- Available in different sizes and configurations
- XT1000E Matt White screen surface diffuses light in all directions, so the image can be seen from any angle, making it the preferred viewing surface in educational and commercial markets
- Matte White requires adequate provision for control of ambient light in the audience area, but offers accurate color rendition and superior clarity due to its smooth, non-embossed surface
- Screens have a reinforced roller and steel endcaps to handle the rigors and abuse of shipping and rental applications
- Includes scratch-resistant, reinforced steel case with black carpet that hides scratches and dents
- Suspension slat saddle in all sizes maintains a flat viewing surface
- Exclusive Bell Leg Lock protects the sturdy gabled aluminum legs during storage and transportation
- 5-year limited warranty

Clean the XT1000E surface with warm water. A solution of mild dishwashing liquid diluted with warm water can also be used. Using a soft, disposable cloth, gently wipe the surface, completely rinse the entire surface with clear water and blot dry. Do not allow any cleaner to be absorbed by the fabric. Do not use cleaning solvents or abrasives. Do not use Armor All®
